✓ = Included in base subscription \$ = Additional fee applies

¹ SciLIMS allows multiple instances of a single sample. A single sample may exist in multiple containers or compartments.

² Up to 1 Billion unique barcode keys for your organization.

³ The optional "Compliance Add-on" provides access to multiple compliance features. This add-on is required for each user in the organization if obtained by organization.

⁴ Standard technical support includes 1 incident per month for each user subscription, up to a maximum of 5 incidents per month. **(Support incidents are not included with free subscriptions.)** Additional incidents are fee-based. Unused incidents are not rolled over to future months.
